STEP 3: Completing the tax year-end

Note: This checklist details the recommended steps to complete the tax year-end.

These are the year-end tasks for the 2015-16 tax year after upgrading Opera and Online Filing Manager (3.60). Follow these steps for each company and payroll group after calculating the pay for the final pay period using the **Calculation** command.

IMPORTANT:

- YOU MUST CREATE THE FULL PAYMENT SUBMISSION FILE (FPS) FOR THE FINAL 2015-16 PAY PERIOD BEFORE THE **UPDATE** COMMAND IS RUN TO CLOSE THE PERIOD.

- YOU MUST SUBMIT A FINAL EMPLOYER PAYMENT SUMMARY (EPS), EVEN IF RECOVERABLE AMOUNTS OR CIS DEDUCTIONS DON'T APPLY.

OUR RECOMMENDATION IS TO CREATE THE FINAL EPS FILE FOR THE 2015-16 TAX YEAR IMMEDIATELY AFTER THE FINAL FPS IS SUBMITTED TO HMRC. HOWEVER, THE FINAL 2015-16 EPS FILE CAN BE CREATED IN THE 2016-17 TAX YEAR IF NECESSARY.

- YOU MUST SEND FINAL RTI SUBMISSIONS TO HMRC USING ONLINE FILING MANAGER (3.60).

- IF ADDITIONAL SYSTEMS ARE USED, THIS PROCESS MUST BE COMPLETED IN EACH SYSTEM.

Before completing the year-end

1.	Run the System - Utilities - Backup command for each company if it has not already been done.	<input type="checkbox"/>
2.	Check that the Current Tax Year box on the Payroll - Utilities - Set Options form is set to 1516 for the 2015-16 tax year.	<input type="checkbox"/>

Completing the year-end

PLEASE COMPLETE THESE STEPS IN ADDITION TO NORMAL PAY PERIOD PROCESSES.

3.	Print any reports needed for the final pay period, for example the To-Date Summary report and the Payments & Deductions list.	<input type="checkbox"/>
4.	Open the Payroll - P32 Processing form and make sure funding and payments are up to date. Note: If other companies in Opera are marked to be consolidated into a P32 consolidation 'parent' company, use the Consolidate P32 command on the Action menu in that company to combine the P32 values. Then add values if necessary to update funding and payments using the respective command on the Action menu.	<input type="checkbox"/>
5.	Open the Payroll - EOY/Special Reports - P60 End of Year Returns form and generate the P60 (End of Year Certificates) for all employees. For guidance on the different options, please see the F1 Help topic for this form.	<input type="checkbox"/>
6.	Open the Payroll - RTI Submissions - Full Payment Submission form to create the FPS file for the final pay period. Then send the FPS file to HMRC using Online Filing Manager (3.60). IMPORTANT: IF YOUR EMPLOYEES ARE PAID BY BACS, CREATE THE BACS PAYMENT FILE BEFORE CREATING THE FPS FILE.	<input type="checkbox"/>

7.	<p>After all FPS submissions have been sent to HMRC for the 2015-16 tax year you must send an EPS for the end of the tax year. Open the Payroll - RTI Submissions - Employer Payment Summary form to create the final EPS file for the tax year.</p> <p>On the first page:</p> <ul style="list-style-type: none"> From the EPS Type list, select '<i>Final EPS of the year</i>' From the Tax Year list, select '2015/16' Update the remaining boxes as normal. <p>On the second page:</p> <ul style="list-style-type: none"> From the Up to Tax Month list, select '<i>Period 12</i>' Verify the 2015-16 year to-date recoverable amounts and CIS Deductions. 8.	Run the Payroll - Utilities - Update command for the final pay period.	<input type="checkbox"/>
9.	<p>Run the Payroll - EOY/Special Reports - End of Year Cleardown command. This clears the to- date values such as income tax and NI contributions from the employee's records and makes the payroll ready for the next tax year. Click to select those balances that you want to clear or press F5 to clear all payments and deductions.</p> <hr/> <p>Note: Employees who use COSR NI category letters will be transferred to the relevant non-COSR letter. A report will be displayed.</p>	<input type="checkbox"/>

Your notes:

STEP 4: Starting the new tax year

Note: This checklist details the recommended steps to start the new tax year.

These are the tasks to carry out at the start of the 2016-17 tax year for each of the companies in Opera. To retain a copy of the data before processing in the new tax year, run the **System - Utilities - Backup** command to back up each company's data.

Checking and setting statutory rates & options ✓

1.	<p>If the new rates and thresholds were not updated by the System - Utilities - Update Data Structures command after Opera was installed, they must be updated now.</p> <ul style="list-style-type: none"> Open the Payroll - Utilities - PAYE/NI/Stat. Payments form to check that the Date Table Becomes Effective box for Table 2 tab is set to '06/04/2016'. If the date is different, to set the rates open the Payroll - Utilities - Copy Statutory Rates form, make sure that the Set to System Default option is selected and click OK. Reviewing employee records

Important: If new employees start work at the beginning of the new tax year, their records **must** be set up before running the calculation for the first payroll period.

3.	<p>Employee details may need to be reviewed and amended. For example, changes to an individual's tax or NI status, or company director status will require changes to be made to the employee records.</p> <p>Open the Payroll - Processing form to check and update employee records:</p> <ul style="list-style-type: none"> Review any employee who should use NI code H for apprentices under 25. On the Additional Details tab of the Details & Bank form: <ul style="list-style-type: none"> Ensure that each individual's number of hours worked is entered correctly. The hours entered will be automatically allocated to the bands for the 2016-17 tax year. Review the student loan plan 1 and 2 options for employees repaying student loans. 	<input type="checkbox"/>
4.	<p>Update all employees with the new tax free allowances using the Payroll - Global Changes - Tax Code Changes form.</p> <ul style="list-style-type: none"> Enter the tax code uplift for L (+40), M (-44) and N (+44) codes. If tax code notifications on form P6 have been received for individuals, apply the necessary changes. Update employees who are Scottish income tax payers. 	<input type="checkbox"/>

Reviewing deduction profiles for COSR schemes

5.	If COSR scheme pension contributions were previously deducted before income tax; check with the pension provider whether contributions should still be deducted before tax in the 2016-17 tax year. Open the Payroll - Maintenance - Deduction Profile form and ensure that the 'Deduct Before Tax' and 'Deduct Before NI' settings for pension deductions are correct.	<input type="checkbox"/>
